The Lancaster County Business Group on Health will host an Employer Networking Breakfast on Thursday, August 19, 2010. This **free** event is open **only** to LCBGH members. **The Networking Breakfasts are intended to provide HR and Benefit Professionals and others responsible for employer paid healthcare decisions with an opportunity to discuss healthcare planning with colleagues from other businesses in a smaller, informal group setting.**

Discussion topics on August 19 will focus on employers' plans to address the changes proscribed by national healthcare reform legislation, for example:

- Changes to benefit plan designs, employee contributions, and network options
- Employee communication strategies
- Wellness program incentives (allowable "carrots and sticks")
- Strategies to contain costs and contain plan renewal rates
- Compensation planning

This is a great opportunity for HR and Benefit Professionals to learn first hand from colleagues and experts in the Lancaster market. An expert panel made up of an insurance carrier representative, a broker, a third party administrator and an attorney, will be on hand to address your questions.
